Common Incidental Charges That You May Have to Pay

Your rooms usually have a mini bar for your paid use. The beverages are typically about \$5.00 each and candy, etc. are double or triple the normal price. This is provided for your convenience but comes at a high price.

Telephone usage from your rooms is also very expensive. Perhaps as much as \$10.00 per minute to call the USA from your room. Local calls are charged by the minute also. USA 800 Number calls are not toll-free when placed from abroad.

You can have laundry service done through the hotel, but it is also your own responsibility. A shirt to be cleaned and pressed might cost \$10.00. A suit to be dry-cleaned could cost up to \$30.00.

You will need to check out with the front desk of each hotel on the last day of each stay to be sure any incidental bills are paid by you or your roommate.

Welcome Dinner and Orientation

Dress Code: Casual

Students meet with leaders at the hotel lounge area to prepare for departure for welcome dinner and orientation.

HELPFUL TIP:

Don't Nap!

The best way to avoid jet lag is to stay awake until at least 9:00 PM.
